SUMMARY

Passionate Python developer with hands-on experience in building data-driven applications, automation scripts, and AI/ML-based solutions. Skilled in Python, SQL, and modern development tools, with a strong focus on writing clean, scalable, and efficient code.

EDUCATION

B.Tech, Information Technology

June 2025

Geethanjali College of Engineering and Technology 7.8/10 CGPA

Hyderabad,Telangana

TECHNICAL SKILLS & TOOLS

Programming Languages: Python, Sql, OOPS,JavaScript

Data Structures & Algorithms: Proficient in algorithm design and problem-solving and basics of networking protocols

Web Development: Html, Css,Django,MongoDb

Data Science & Machine Learning: Pandas, NumPy, Scikit-learn

Tools and Platforms: Git, VS Code, AWS (Basics),Github

EXPERIENCE

SAARTHI AI Pvt. Ltd

Jun 2024 – Aug 2024

Full Stack Developer Intern

Assisted in developing and maintaining web applications, collaborated with design Software development teams to implement new features, and optimized applications for speed and scalability.

PROJECTS

AI-Driven Grocery Detection System

Jan 2024 – May 2024

Designed a supply chain product detection solution using YOLOv8 and ResNet.

- Annotated ,Data Modeled and preprocessed datasets with over 5,000 images using Python scripts.
- Performed **data augmentation, normalization, and labeling optimization** to improve model generalization.
- Achieved 90%+ detection accuracy on test sets through custom fine-tuning and Deployed Model.

Resume Expert:

- Developed a user-friendly web application integrating Google's Generative AI and PDF processing to provide intelligent resume data analysis, personalized recommendations, and job description matching for job seekers.
- Integrated **resume scoring, keyword optimization, and role-based recommendations** to enhance candidate employability.

Web Scraping Project :

- Developed a Python script for web scraping using requests and BeautifulSoup libraries, extracting relevant data from website. Performed data cleaning and preprocessing steps, storing the scraped data in a pandas data frame for further analysis.

COURSES & CERTIFICATIONS

PYTHON: COURSERA

TCS CODEVITA : 2300 RANK

Participated in FLIPKARTGRID 5.0 and GOOGLE STARTUP SCHOOL.
